Objective:

Results-driven Frontend Developer with 2 years of experience building dynamic and responsive web applications. Proficient in HTML, CSS, JavaScript, React.js, and Next.js, with expertise in translating design concepts into functional, user-friendly interfaces. Skilled in problem-solving and collaborating with cross-functional teams to deliver high-quality software solutions.

Education

Bachelor of Technology

Sri Venkateswara College of Engineering (SVCE)

- Computer Science and Engineering | CGPA: 6.9

- Tirupati | *June 2017 – July 2022*

Intermediate

Sri Chaitanya Junior College

- MPC | Percentage: 93.6%

- Vijayawada | *June 2015 – April 2017*

Skills:

- **Frontend Development:** React.js, Next.js, HTML, CSS, JavaScript, Bootstrap, Material UI

- **Backend Development:** Node.js, Express.js

- **Database Management:** MongoDB

- **Content Management Systems:** Strapi CMS

- **API Development:** REST APIs

Work Experience:

Corporate Infotech Private Limited | Noida, Uttar Pradesh   (**Software Engineer**)
May 2023 – August 2024

- **Redesigned the UPSC Website:** Led the overhaul of the UPSC website using **Next.js** and **Material UI**, resulting in a modern, responsive, and user-friendly interface.

- **Revamped Sub-Module Interfaces:** Improved the visual design and user experience of various internal sub-modules within the UPSC premises for enhanced usability and consistency.

- **Optimized Website Performance:** Improved backend data retrieval times, resulting in faster load speeds and a more responsive user experience.

- **Increased Development Efficiency:** Streamlined the development process by implementing reusable components and optimizing workflows, reducing loading time while maintaining high-quality standards.

Refactor Academy| Bengaluru   **(Intern)**
August 2022 – April 2023

- **Frontend Development:** Gained a strong foundation in building responsive web applications using HTML, CSS, JavaScript, and React.js.

- **Component-Based Architecture:** Learned to create reusable and dynamic components in React, improving development efficiency and maintainability.

- **State Management:** Acquired skills in managing application state with React's Context API and useState, useReducer hooks.

Own Projects

Portfolio

A portfolio showcasing my experience and projects, leveraging various React packages to improve user experience and responsiveness across devices.

- **GitHub:** https://github.com/aryabhupathi/portfolio

- **Netlify:** https://aryainnovates.netlify.app

Ticket Reservation

A ticketing system model that includes three modes of transport: Bus, Train, and Flight.

- **GitHub:** https://github.com/aryabhupathi/ticket

- **Netlify:** https://roadrailair.netlify.app

Movie Finder

A movie finder app featuring a list of movies and detailed information about the cast involved.

- **GitHub:** https://github.com/aryabhupathi/moviebox
